

BEST TOTAL BODY-TONING TREATMENT

(NON-MACHINE BASED)

"Body Lift Mineral Wrap"

The Effortless Body Lift

Did you know that one full body fat-burning mineral wrap is equal to 10 sessions of machine treatment?

To effectively tone up your full body, treat yourself to the "Suddenly Slender Body Lift Mineral Wrap", which eliminates toxins and impurities in your body and replenishes them with 175 minerals and vitamins. It also reduces the size of fat cells and the appearance of cellulite, visibly tightens skin and gives the entire body an uplifting effect. The treatment includes an infra-red sauna, much loved by Oprah Winfrey, and a light body workout session to facilitate fat-burning and detoxification. After the first body wrap, you'll have 6 to 20 inches loss with a slimmer, firmer and better-toned body.
